

# FROZE 'WAY DOWN; ICE HASN'T MELTED YET

No warm days  
in this town.

Overcoats are  
worn in July.

Skating will be  
good in August.

Farmers are  
now harvesting.

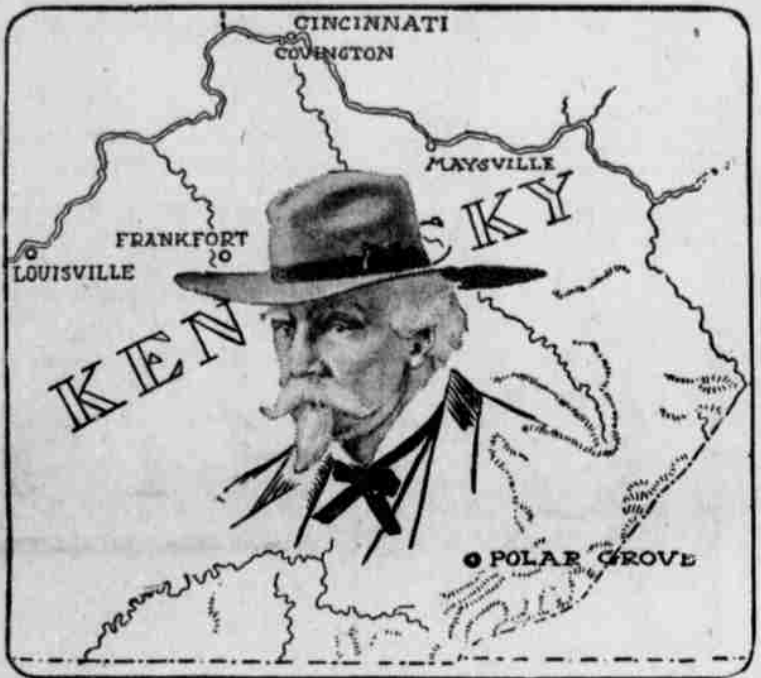

And it all happens  
in Kentucky.

Polar Grove, Ky., July 21.—Wonderment to a large degree has been occasioned here by a report of fearful hot weather in other parts. Here in this peaceful town of 500, maybe 600, we have had weather that was salubrious. In fact our people have the kind of weather they want. If there's any special predominance, it's the cold.

This results from the extremity of the severe winter we had. Judging that it had been the same in all parts of the country it has been the subject of

Imagine, you, the reader of these lines, if you are sweltering and perspiring greatly under the humidity of summer's floor and penetrating heat, with life hardly worth the living, it seems, how it would seem if you could walk three blocks and skate on the smooth ice amid the fragrant pines. That is a sight daily offered by our gallants and fair maidens. Tiring of the exhilarating exercise or sport they may rest in the cool near the edge of the forest or return to their homes in the north of town and swing

frequent conversation that the people of this country were for this one summer at least full comfortable and weather content.

Lo, we hear on the contrary of temperatures 80, 90, 100, of business in some degree suspended in some parts, and prostration and resulting death in many cases.

How different in Polar Grove. How remarkable that nature should so favor the residents of this delightful city in southeastern Kentucky.

Much of the time last winter the weather was of terrific coldness. The low notch was 28 degrees south of zero. There was a full week of 11 to 15 below and the average for three weeks was 7 below. As a result the deep and stately Orange river was frozen to the bottom and frost in the ground was down 23 feet deep as far as has been drilled to this time.

In the hollows great stores of ice formed. Doc Meadows, who owns a home family physician book and is the most scientific man in Polar Grove by far, figures the ice mass in Hunkins hollow alone will not melt in three years, even with uncommonly long hot summers. In the gap between Stephens' hill and Long View mountain a regular glacier has formed from the intense cold and the great deep masses of snow that were softened by rain and then frozen hard. All the pine woods, too, south of town where they are sheltered from the genial sun, are sheathed in ice, it might be said. On the hills north of town where there is a southern exposure summer snows are tempered by cooler breezes blowing over nature's generous store of last winter's ice.

Result: Nobody is longing for paradise for the very good and sufficient reason that we have it ever with us.

### WOMAN BADLY BEATEN AT LAS VEGAS.

Mrs. Donaciano Trujillo was badly beaten, perhaps fatally, yesterday afternoon by Querino Montoya, in the absence of her husband at work on a ranch, says the Optic.

It seems that bad blood has existed between the families, who are next door neighbors, on the west side. Yesterday afternoon, as the street has it, Mrs. Trujillo passed by the Montoya house and seeing a daughter of the head of the household in the yard, at pleasure taunted her.

The girl informed her father, who happened to be at home at the time, and Montoya rushed over to the house of Mrs. Trujillo and beat her unmercifully. Blood flowed freely from the wounds inflicted and the whole neighborhood was aroused by her cries.

The husband of the almost murdered woman came home last evening from his place of employment in the country, unexpectedly, and there

would have been blood on the moon last night if the two men had met. However, Montoya had taken to his heels, and his present whereabouts are unknown, either to the late husband or the officers of the law.

### "PROF." MILLER OPERATING AT CANON CITY.

It is learned from a person who resides in that city and contemplates a residence in this city, that "Prof." Charles F. Miller, of unsavory reputation here for years, is now holding forth smugly and persuasively in Canon City, Colo., where he is organizing a band of musicians among the young ladies, says the Optic.

However, he will not succeed in doing so, as his notorious practices among the youth of this city will be heralded through the newspapers and from the house tops at Canon City, so to speak, upon the return home of the one bringing the information.

### NORTHERN NEW MEXICO FAIR CATCH SENTENCE.

The suggestion for a catch sentence for the Northern New Mexico fair, continue to come in, says the Optic. Miss Louise Spierdier sends a "Round 'em up." William Frank, of Los Alamos gives, "Success is our motto, so let us forge ahead." J. D. Ellsworth suggests, "Come up higher." "We're high, but we're here," and "Come to

NO RESERVATIONS FOR  
PULLMAN BERTHS ON CREDIT.

Pullman car reservations, which heretofore have been obtainable several days in advance by a nod, will soon be a thing of the past, and sleeping car space must be paid for in cash when it is obtained. The old system is said to have proved an intolerable nuisance, although it has been in effect since time immemorial. The reason for the change lies in the fact that the present experienced travelers are in the habit of reserving accommodations, with no money deposited, and when cash patrons apply, everything is taken. Those who make the reservations frequently fail to turn up, and the result is that the trains carry empty sleepers. The new rule has been in force on the Santa Fe limited for some time, and it has been found to work so well that it will be put in force on all other Santa Fe trains as well. It is said that other lines have joined in a request to the Pullman company to have the present system changed so that the new rule shall apply to all roads and all trains.

CATTLE IN GOOD SHAPE  
IN GRANT COUNTY.

Stockmen in this section do not feel inclined to dispose of any grades of cattle at this time, says the Silver City Independent. The range is good and cattle are gaining weight every day, and no one feels inclined to sacrifice, feeling that the market price will be no lower, and chances are it will be better in the fall when the stock will be fatter and better graded. Conditions were never better for cattle men, and they propose to reap the opportunity of fat, heavy stock this coming fall.

LOOKING OVER PROPOSED  
FOREST RESERVE ADDITION.

W. H. B. Kent, of the United States forestry service of Washington, with temporary headquarters at Alamogordo, is this week in Captain Lincoln county, for the purpose of looking over the proposed addition to the forest reserve, with a view of determining the effect of the timber on the water supply of that section. While in that neighborhood he will visit the Mesquero reservation for the same purpose.

WORK OF GRAND JURORS  
OF SAN MIGUEL COUNTY.

During the year ended June 30, 1905, the grand jurors of San Miguel county returned ninety-one indictments and thirty-six persons were convicted and sentenced to long and short terms in the penitentiary by the court. Within the year 168 civil cases were docketed for trial and judgments were rendered in ninety-three cases.

HAS QUIT THE ROAD  
AND GONE INTO BUSINESS.

Philip Prager, formerly an early resident of this city, who is popularly well known to every merchant of any consequence in the southwest, having been a commercial traveler for twenty years, has quit the road and has embarked in the brokerage business at Trinidad, Colo., where he has made his home for a number of years.

A CHILD ACCIDENTALLY  
KILLED AT HAGERMAN.

The funeral of Charles, the 4-year-old son of Mr. and Mrs. T. E. Furr, at Hagerman, was held the first part of this week. The child, while trying to rope a colt in play, became tangled up in the rope, and his neck was broken, death resulting instantly.

Clyde Smith and H. Niles left Silver City for an outing at the Mimbrez Hot Springs. Just as an illustration of the wonderful qualities of these springs, it might be mentioned that Mr. Smith went for the purpose of taking on flesh and Mr. Niles with the idea of reducing his adiposities, says the Silver City Independent.

HOW IT STICKS.

Albuquerque Has Found It Hard to Shake Off.

Hard to bear, harder to get rid of, is any itching skin complaint, Eczema or Itching Piles.

Doan's Ointment relieves and cures All itches of the skin.

Albuquerque people endorse this statement:

Mrs. R. E. Walte, formerly of 202 North Second street, says: "There came to my notice sometime ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the par to the par. Doan's Ointment was procured at the Alvarado Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itches of the skin eruption."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Three Good and Just Reasons.

There are three reasons why mothers prefer One Minute Cough Cure: First, it is absolutely the best. Second, it tastes good—children love it. Third, it cures Coughs, Croup and Whooping Cough when other remedies fail. Sold
